

ARTICLE IV  
College Officials and Faculty

6. The establishment of tenure for any member of the Faculty shall be subject to approval by the Trustees and shall be granted only after a careful review and approval by the Trustees of the candidate's professional and personal qualifications in the light of the foregoing Section 5. The policies governing tenure by which Davidson College operates are set forth in Article X of the Davidson College Constitution.

7. The Department of Religion deals with matters which are particularly important to the life of the Church and the College. Special effort shall be made to secure as teachers in the Department of Religion persons who, in addition to competence in their fields, demonstrate vital Christian faith and unusual teaching gifts.

8. The Faculty, within policy guidelines established by the Trustees, shall determine the education program of the College.

9. Because of the direct effect of admissions policy upon the character and general welfare of the College, and upon its relationship to its constituencies, the College's admissions program shall be conducted within policy guidelines established by the Trustees and the academic qualifications to be applied in the admission of students shall be determined by the Faculty, as set forth in Article III, Sections 1(j) and 2 of the Davidson College Constitution.

10. The Faculty shall present to the Trustees the names of those whom it recommends for honorary degrees, for the advice and consent of the Trustees.

11. Any member of the Faculty may, through the President, present any report or petition he or she desires to the Trustees, and it shall be the duty of the President to transmit such report or petition to the Trustees at the next regular meeting, provided that nothing in this provision shall be construed as denying the right of any individual connected with the College to petition the Trustees directly.
