

14 WAYS TO KILL YOUR ORGANIZATION

1. Don't attend meetings. If you do, arrive late.
2. Be sure to leave before the meeting is over.
3. Don't say anything at meetings; wait until you get outside.
4. Never accept an office; it's much easier to criticize.
5. Take no part in organizational efforts.
6. Take everything your organization will give you, but give nothing in return.
7. Never read anything pertaining to your Organization. You might find out too much.
8. Talk cooperation, but never cooperate.
9. If asked to help, just say you don't have time.
10. Vote for anything, then do nothing.
11. Find fault with your officers.
12. Threaten to resign at every opportunity. Tell others they are tolerating far too much.
13. Never ask anyone to join.
14. Don't do anything more than you have to. When others willingly and unselfishly use their abilities to help the cause, howl because a "clique" is running the organization.
